## A MESSAGE FROM THE MAYOR

Dear Residents:

The Village of Lake Villa recently completed two community improvement projects; Cedar Avenue Streetscape project and the Grass Lake Road Sidewalk project. Both of these projects were partially funded through grants and both will provide significant enhancements to Lake Villa.

The Downtown Streetscape project, which began several years ago and was partially funded through a Community Development Block Grant (CDBG), provides enhancements to Cedar Avenue and downtown Lake Villa. These enhancements include additional street lights, the replacement of all sidewalks, benches, bike racks, trees, new public parking facility and general aesthetic features. This project provides for accessible pedestrian means to get to the Metra station and within the downtown area via additional lighting and accessibility features in the new sidewalks. New bike racks were also added to make it easier to bike to the Metra station. The Cedar Avenue Streetscape project was also completed to make Lake Villa more competitive in our efforts to attract new business and people to downtown Lake Villa.

The Grass Lake sidewalk project now provides access from the Painted Lakes subdivision and Oakland Ridge subdivision to Oakland Grade School and Lakes High School. This project was the result of a partnership between Lake County, Antioch School District 34 and Lake Villa Township to provide a safe passage to these schools. Community High School District 117 contributed by constructing a bike path from the corner of Deep Lake and Grass Lake Road to Lakes High School.

This project includes a new crosswalk on Grass Lake Road, at Painted Lakes Boulevard, additional lighting at this crosswalk, a new 5-foot-wide sidewalk to Deep Lake Road and the addition of pedestrian crossing signals at the Deep Lake and Grass Lake Road intersection.

As a result of this partnership, this \$300,000 improvement will cost the Village \$59,000. I would like to thank all participating entities, which helped to make it safer for children to walk or bike to school.

These improvements were the result of the Village's commitment to making enhancements to the Village. Please keep your eyes open for additional community improvements in the future.

Respectfully,

Jim McDonald  
Mayor
