**Lake Villa, IL.** Due to public health and safety concerns, Lake Villa officials have announced that the Saint Patrick's Day Parade, scheduled for this Saturday, has been cancelled. The parade has been cancelled based on changes in the past 24-hours and based on recommendations for public gatherings from the Lake County Health Department and Centers for Disease Control.

"Unfortunately, Lake Villa is cancelling the Saint Patrick's Day Parade and corn beef and cabbage dinner at the Lake Villa VFW. The Saint Patrick's Day Parade is a wonderful event, but due to health concerns, it is our responsibility to ensure everyone's safety and cancel this event", stated Mayor James McDonald.
