Lake Villa, IL. Village Officials recently announced that property tax amounts will remain at 2020 levels for 2021. “The property tax amount that individual property owners pay to the Village of Lake Villa will remain the same”, stated Mayor James McDonald.

The Village Board voted to adopt the 2021 property tax levy in the amount of \$2,246,567, which is the same as the amount levied in 2020. This is the third year in a row that the Village of Lake Villa has not increased the property tax levy.

“Because the Village has a long history of being fiscally responsible, we had an opportunity to keep property taxes at the current level for property-owners for the past three years, including 2021”, stated Mayor McDonald
