

# PRESS RELEASE

## Downtown Sidewalk Improvements

**FOR IMMEDIATE RELEASE**

April 26, 2021

**CONTACT:**

Karl Warwick

Village Administrator

**Lake Villa, IL.** This week, the Village began construction of sidewalk improvements along Cedar Avenue from the CN Railroad to Milwaukee Avenue (IL Route 83); along Lake Avenue from Central Avenue to Milwaukee Avenue (IL Route 83); and Central Avenue from Lake Avenue to Grand Avenue (IL Route 132). The contractor plans to begin mobilizing equipment to the project site the week of April 26<sup>th</sup> and is scheduled to commence on Monday, May 3, 2021. This sidewalk improvement project is part of the Village's continued efforts to improve the pedestrian's access to the downtown area and improved accessibility to the Lake Villa Metra Station.

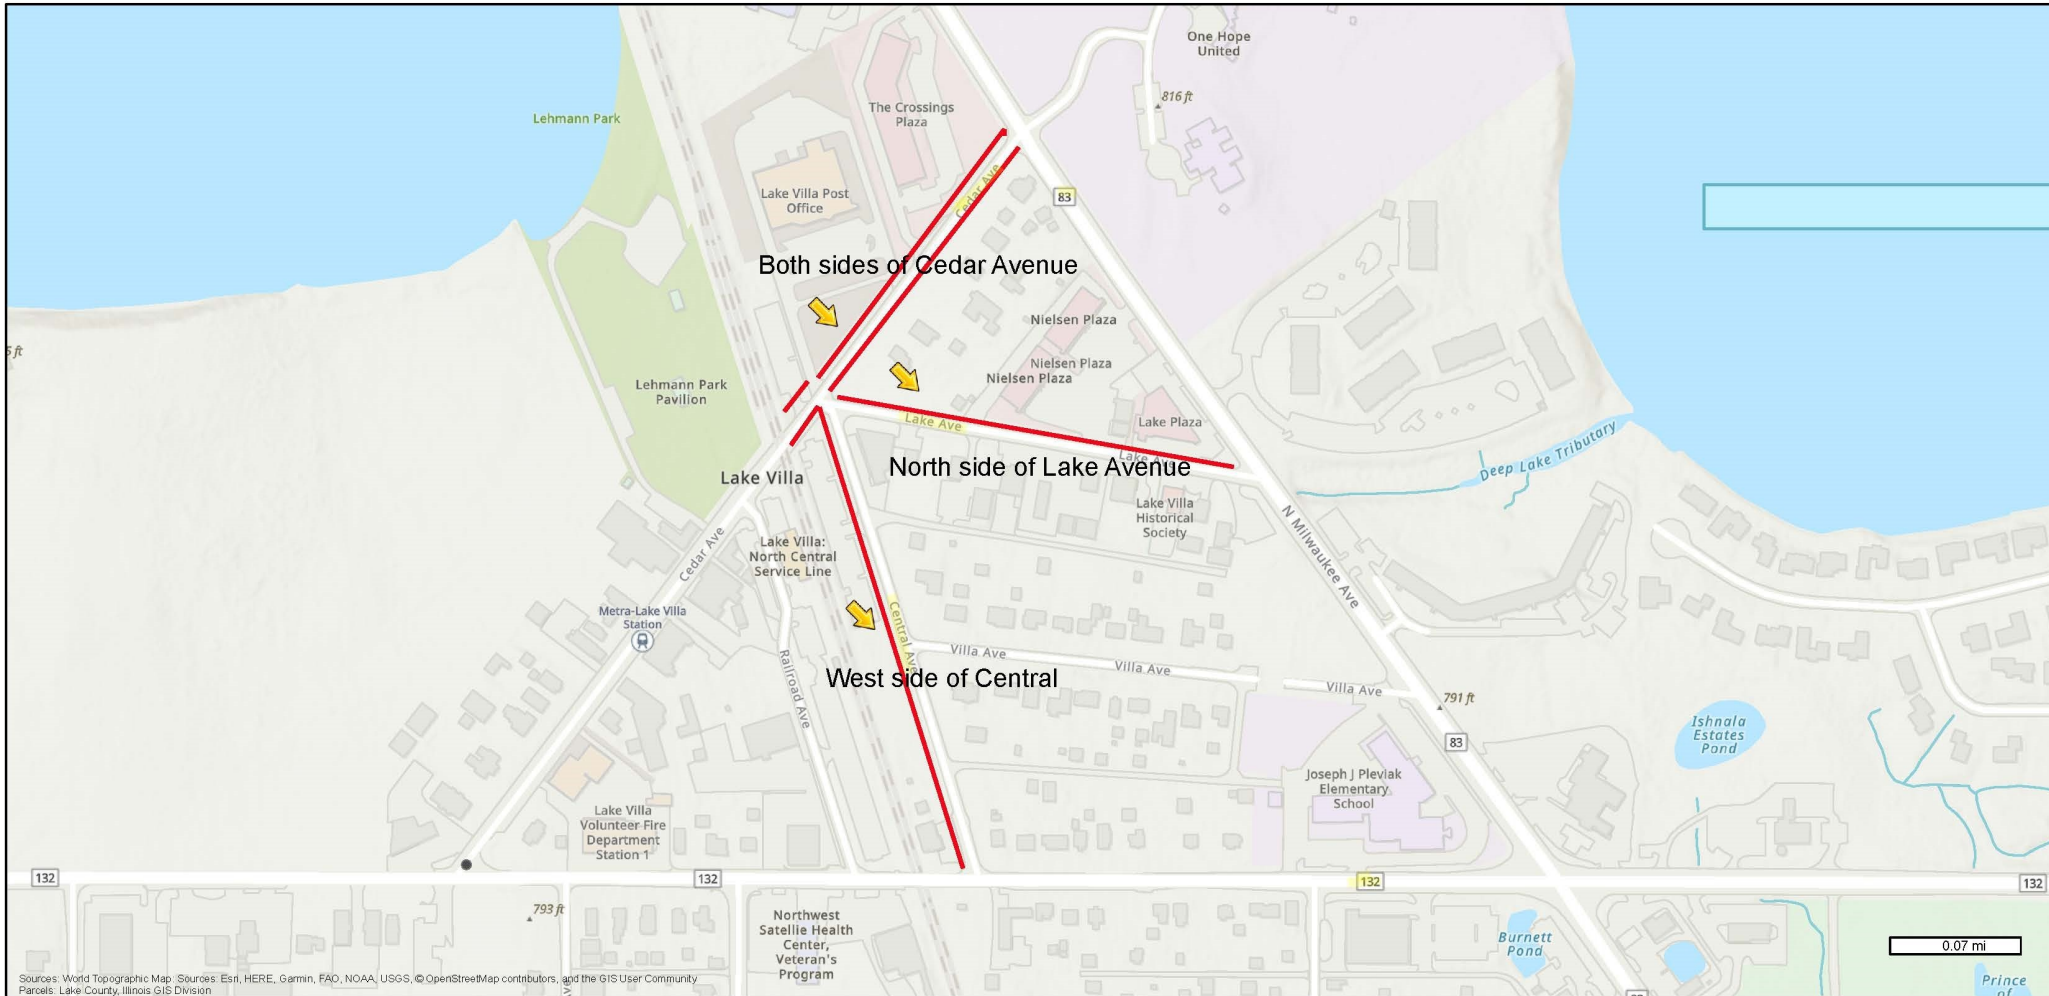

The project is being supported through a Regional Transportation Authority Grant and local funds, which is administered through the Illinois Department of Transportation (IDOT). All work will be done at no cost to individual property owners or residents.

The construction operations will likely create delays in travel. Pedestrians and motorists should allow extra time to navigate through the area. During construction, please be mindful of the construction and the workers on Cedar Avenue until it is complete. The project is anticipated to be complete by mid-July.

Access remains open to all businesses, so please continue to visit these businesses during the construction.
